1) Cash-Out Rider may not be available on all substandard rated policies and some may only qualify for the cash-out option in the 15th Policy anniversary. 2) The riders are offered at no additional premium. However, the accelerated payment will be less than the requested death benefit because it will be reduced by an actuarial discount and an administrative fee of up to \$500. The amount of the actuarial discount is primarily dependent on American National's determination of the insured's life expectancy at the time of election. All riders are not available in all states. Critical Illness is not available in New York. Chronic Illness is not available on term products or permanent products with term riders in California. 3) Guarantee is subject to premium payment requirements.
